

**SMC Japan**

In-stock parts and eligible assembled parts originating in Tokyo can be directly shipped to you with International Direct.

**End User**

Receive orders faster, with shipping costs comparable to domestic rates!

**International Direct**

an option for faster, lower cost shipping direct to customers  
**IPD - International Priority Direct**  
**IED - International Economy Direct**

International Direct, an expedited shipping process, allows stock parts and eligible assembled product coming from SMC Corporation in Japan to be delivered directly to customers.

**Program Benefits**

- Drop ship Directly to customer from SMC Japan
- Daily deliveries
- Flat rate pricing on all shipments
- (IED \$4.00 / lb. and IPD \$6.00 / lb.)
- Comparable to domestic priority rates
- Detailed package tracking
- No wait time to use International Direct

**How the Program Works**

**Criteria for IED/IPD Order**

- Ship-to destinations are restricted to the United States. (Puerto Rico not eligible.)
- Products must not be in stock in the US.
- Individual item must not exceed 108" in length and 70" in height.
- Product origin/production must be SMC Japan.
- A \$5.00 address charge assessed on orders under 4 pounds per order to a receiving location.

**Order Maintenance**

- Orders already in process to Japan cannot be changed to IED or IPD.
- Orders already in process with an International Direct ship via requirement cannot be changed to a non-International Direct ship via method.
- No other sales order attributes may be changed (ie: quantity, part number, etc.) without undergoing the request for change process.

**Lead Time Example (estimated)**

Shipping Method	Stock Product	Eligible Standard Assembled Parts
IPD	up to 4 days	up to 10 days
IED	up to 6 days	up to 12 days

**Expedited Shipping Cost Examples**

Weight/Box	Shipping Method	Tokyo to End User	Address Charge	Total
2 pounds	IPD	\$12.00	\$5.00	\$17.00
	IED	\$8.00	\$5.00	\$13.00
5 pounds	IPD	\$30.00		\$30.00
	IED	\$20.00		\$20.00
